Dear Dayton,

It was a pleasure to speak with you today. Eileen Bowser retired about four years ago. She is still living here in NYC and working on various film research projects.

Your film, LOVE'S CHOICE, as part of the permanent collection was moved to our new storage facility in Hamlin, Pennsylvania this past winter. I recall how fond Eileen was of this film as it used the style of the silent cinema (her favorite) to tell the story.

Good luck with your new project. I look forward to receiving the article we talked about.

Sincerely,

Anne Morra
